SUMMARY

Final-year Electrical Engineering student with a strong focus on data, AI, and machine learning. Former intern at JPMorganChase in Corporate Risk Reporting, with hands-on experience in data analysis and reporting. Organized, fast learner, and driven to build impactful, data-driven solutions.

EDUCATION

Malaviya National Institute of Technology Jaipur **2022–Present**
Bachelor of Technology in Electrical Engineering
CGPA: 7.22 / 10

Mount Assisi School, Bhagalpur **2022**
Intermediate (Class XII)
Percentage: 96.25%

Mount Assisi School, Bhagalpur **2020**
Matriculation (Class X)
Percentage: 97%

EXPERIENCE

Corporate Risk Reporting Intern – JPMorganChase **July 2025–Dec 2025**
– Automated a daily risk report, reducing report production time by 85% through optimized data processing and reporting workflows.
– Automated monthly report reconciliation, cutting turnaround time by 80% while improving data accuracy.
– Prepared and delivered Market Risk regulatory reports submitted to the Prudential Regulation Authority (PRA) and used in regulatory review meetings.

SKILLS

Technical: Python, Java, SQL, Machine Learning, Deep Learning, NLP
Tools: MATLAB/Simulink, NumPy, Pandas, Matplotlib, Scikit-learn, PyTorch, FastAPI, Docker

PROJECTS

V2G Virtual Inertia Control System *MATLAB, Simulink, Control Systems*
– Developed a V2G-based virtual inertia control system for low-inertia power networks, modeling EV aggregators as hardware-interfaced distributed resources under communication delays.
– Conducted control-system stability analysis (state-space, eigenvalue, root-locus, Lyapunov) and parameter optimization in MATLAB/Simulink for robust performance.

F1 Dashboard (Link) *Python, Streamlit, Scikit-Learn*
– Built a real-time Formula 1 analytics dashboard using Python and Streamlit, integrating live telemetry data and historical race datasets with interactive visualizations.
– Implemented ML models for pit stop and tire degradation prediction, optimized data pipelines with TTL caching and API fallback, and deployed a Dockerized application on Hugging Face Spaces.

ADDITIONAL INFORMATION

Languages: English, Hindi **Certifications:** English and Academic Preparation – Pre-Collegiate (Coursera)
Awards: AIR 27, Wiz National Spell Bee **Leadership:** Joint Secretary, Dance Club, MNIT Jaipur (2024–25)
